PROFESSIONAL SUMMARY

A results-driven Engineering graduate with expertise in data analysis, business analysis, and financial analysis. Proficient in tools like Excel, Power BI, SQL, Tableau, and PowerPoint, I specialize in transforming complex data into actionable insights that support decision-making, optimize business processes, and drive growth. With a solid understanding of financial modeling, forecasting, and data visualization, I help organizations improve performance through data-driven strategies and recommendations.

Experienced in collaborating across functions to identify inefficiencies, streamline workflows, and implement solutions that enhance both operational and financial performance. Known for a strong analytical mindset, attention to detail, and ability to tell a compelling story with data, I empower stakeholders to make informed decisions. Currently seeking new opportunities in data analysis, business analysis, and financial analysis to further develop my expertise and contribute to impactful projects.

CORE SKILLS

Technical Skills

- Data Wrangling & ETL
- Trend Analysis & Statistical Modeling
- Financial Modeling & Forecasting
- Data Visualization (Power BI, Tableau)
- SQL (Data Querying & Database Management)
- Advanced Excel (Formulas, PivotTables, Financial Analysis)
- Business Intelligence Reporting
- Financial Planning & Budgeting

Professional Competencies

- Data-Driven Decision Making
- Business Process Improvement
- Problem Solving & Critical Thinking
- Financial Analysis & Reporting
- Cross-Functional Collaboration
- Presentation & Data Storytelling

PROFESSIONAL EXPERIENCE

Business & Financial Data Analyst Intern

ActivEdge Technologies LTD, Lagos, Nigeria

Jan 2022 – Aug 2022

- Analyzed financial and operational data using **Excel** and **Power BI**, improving reporting efficiency by 25%.
 - Developed financial models to forecast earnings and perform scenario analysis for long-term strategic planning.
 - Supported the design of interactive **Power BI dashboards**, providing real-time insights into business performance.
 - Identified inefficiencies in business workflows and implemented process improvements that reduced operational bottlenecks
-

PROJECTS

Financial Forecasting & Scenario Analysis (Excel)

- Developed a comprehensive **5-year financial forecasting model** using scenario analysis, simulating **best case**, **base case**, and **worst case** financial outcomes.
- Created dynamic financial models using **Excel** to visualize projected financial data, helping decision-makers evaluate long-term strategic initiatives.

Market Performance Analysis (Excel & Power BI)

- Analyzed the performance of 459 companies in India, segmenting data by market capitalization (large-cap, mid-cap, small-cap, very small-cap).
 - Used **SQL** to extract key metrics from a large database, then visualized trends using **Power BI** dashboards to help stakeholders understand sales distribution and growth drivers.
 - Identified **large-cap companies** as key revenue generators, contributing 71.67% of total quarterly sales, while **small-cap companies** and **very small-cap companies** made up only a small fraction of the market.
-

EDUCATION

Bachelor of Engineering (B.Eng), Electrical/Electronics Engineering

University of Benin, Nigeria.

January 2018 - July 2024.

High School Diploma

Starfield College, Lagos, Nigeria

September 2011 - August 2017.

SOFT SKILLS

- Communication Skills
 - Team Collaboration
 - Problem-Solving
 - Critical Thinking
 - Adaptability
 - Attention to Detail
 - Time Management
 - Creative Thinking
 - Emotional Intelligence
 - Interpersonal Skills
 - Conflict Resolution
 - Presentation Skills
-

CERTIFICATIONS

- Microsoft Power BI Data Analyst
 - Financial Analyst Training – 365 Financial Analyst
 - Effective Leadership – HP LIFE
 - Collaborate Effectively for Professional Success – IBM
-

HOBBIES

- Travelling
 - Writing
 - Reading
-
